[ ] has published the charter he envisions for the APEX permanent staff (4 people) and the Steering Group. He asks for nominations.

I recommend that you

- a) not nominate anyone for the Staff.
- b) nominate yourself, as Chairman SECOM, as a member of the Steering Group with me as your alternate.

In connection with the charter and distribution of tasks -- I suggest you incorporate the Compartmentation Subcommittee (with a modified charter) in deliberations, formulations and administration of policies which [ ] proposes be the responsibility of the Community Security Group.
